SEDA Testing Equipment

Adaptors & Clamps

Your benefits

- ✓ Universally applicable
- ✓ Easy to apply
- ✓ Safe and secure
- ✓ Applicable for 95% of all types of radiators

„The SEDA Radiator Tension Clamps set is universally applicable and easy to apply. When used properly the danger of incorrect installation of the water tank and possible consequences (leakness) can be reduced to a minimum.“

Josef Kogl
(Production Manager)

Adaptors Radiator Tension Clamps

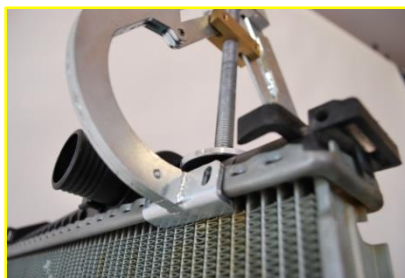

Radiator Tension Clamps

Ordernumber: S-27000

Selfcentering tension clamps for fixing water tanks in the event of radiator repairs.

The SEDA Radiator Tension Clamps set is used for pre-tensioning and fixing of water tanks in the event of exchanging the radiator networks. The clamps can be used for soldered and aluminium/plastic radiators. In addition the clamps are applicable for 95 % of all car, truck and other types of radiators.
