de-pollution technology

## SEDA WindscreenCutter N-52370

The SEDA WindscreenCutter is a “must have“ in modern Recycling companies.

This special SEDA tool is a fast and easy solution to remove windscreens from cars. With our special milling technology a shattering tool is not necessary. The risk of laceration from broken glass is down to almost zero.

### Your benefits

- ✓ Pneumatic or electric
- ✓ Special milling technology
- ✓ Easy handling, fast and strong
- ✓ Suitable for laminated glass screens of cars, trucks, busses, trains, etc.
- ✓ Safe with no dust and no shards
- ✓ Including a vacuum cleaning system

The powerful vacuum unit suck off any glass dust, shards and splinters and collect it in a specific storage container.
