

SEDA HV E-CAR CONTAINER

Z-527860 / Z-527870

Premium Version with vehicle ramp

BENEFITS

- Waterproof roll-on roll-off container
- Drive-over rear flap with integrated winch
- Option to mount an additional, separate winch
- 2 water connections
- Low pull-in angle
- Optional: Sealed tarp

Safe transport and quarantine zone

The SEDA HV E-Car Container ensures safe transport and protected storage of both damaged and intact electric vehicles, minimizing the potential for unforeseen risks.

Roll-on roll-off container comes equipped with a spring assisted vehicle ramp for easy access. The container can be flooded to cool the battery pack in case of a thermal event.

Safe storage of damaged electric vehicles in a roll-off container with a waterproof swinging door.
