SEDA VEHICLE TROLLEY

A-527626 / A-527627

Easy to maneuver by one person

Perfect guidance of the trolley through special guide grooves in the collection trays

Key features of this robust trolley include its sturdy construction with four durable wheels equipped with a stop function, as well as special guide rails that ensure compatibility with all SEDA tilt platforms and lifts. Thanks to its design, the trolley can be easily maneuvered by a single person. Additionally, the SEDA Vehicle Trolley can also be used as an independent workstation.
