

## SEDA TILTING PLATFORM

A-527493-H

### Dismantling tilting platform

#### BENEFITS

- Hydraulic control system
- For easy and ergonomic work on vehicles underside
- Additional recycling tools on an optional swivel arm

**The SEDA vehicle dismantling system handles the movement of the vehicle, while allowing the worker to remain in an ergonomic position.**

The vehicle is positioned on the tilting platform and secured with the roof clamp. The vehicle can be tilted up to 90°, greatly improving safety and efficiency when working on the vehicle's underside.

With the optional mobile platform and recycling tools on the optional swivel arm, many additional applications are possible for flexible and efficient vehicle dismantling as shown above.
