

SEDA TL-2 1800

A-527800 / A-527801

Floor-mounted dismantling tilt lift

The SEDA Tilt Lift TL-2 1800 is a floor-mounted lift featuring both tilting and lifting functions, available in 230-volt or 400-volt variants.

TL-2 on platform
with SEDA DrainTower

The TL-2 does not require complex installation. It can be easily mounted on a properly prepared concrete floor. The vehicle is positioned on the tilting platform using a forklift or vehicle trolley and then secured by a roof clamp for safety.

Once secured, the vehicle can be tilted up to 70°. Additionally, the SEDA Tilt Lift TL-2 enables stepless elevation of the vehicle to a maximum lifting height of 1800 mm.

BENEFITS

- Simple and ergonomic vehicle handling
- No complex in-ground installation required
- Stepless tilting up to 70°
- Lifting height of 1800 mm
- Hydraulic control system
