

SEDA GREENPOINT DUO

A-40300-V21

The SEDA GreenPoint DUO is an upgraded version of the SEDA GreenPoint Tank Drilling Machine, featuring two integrated fuel pumps and a specialized fuel switching system.

Notable for both its performance and safety, this tank drilling machine is ATEX-certified, making it approved for use in explosive environments.

Height adjustment and drilling unit are controlled by a gas spring and foot pedal. After drilling, a specially designed rubber boot ensures drip free extraction under vacuum conditions, equipped with a special drill for metal and plastic tanks, the device ensures precise and clean, efficient drilling.

Multiple filtration systems, including sieves and magnetic rings, are integrated into the drill head to remove coarse impurities reducing contamination of valuable fuel. Also backed up by inline fuel filters.

With innovative fuel switching (gasoline/diesel) ▶

BENEFITS

- Clear fuel separation
- With integrated pumps for gasoline and diesel
- Mobile system
- Easily maneuverable
- Pneumatically operated
- Suitable for plastic and steel tanks
- Enhanced fuel quality
- Explosion-proof (ATEX certified)
- Proven reliability (over 40 million tanks safely drained without incident)
